EXPERIENCE

OCT 2021 - PRESENT

Engineer II | z2data | Benha

- Gathering data and analyzing it.
- Check the compliance of the suppliers' electronic products with the regions' international regulations (RoHS, REACH, TSCA ... etc.)

OCT 2020 - OCT 2021

RF Engineer - Drive Test | Telecomax | Cairo

- Testing site coverage.
- Troubleshooting failures like (crosses, blocked calls, dropped calls, overshooting...etc.)

EDUCATION

Benha Faculty of Engineering,
Communication and computer department

Bachelor's degree in engineering

- Final Grade: Very Good
- Project
 - Degree: Excellent
 - Brief: translating sign language into spoken language

TRAINING

JUN 2024

Power BI | DEPI

- Data Analysis & Data Driven Decisions.
- Power Bi
- DAX
- Data Cleaning

OCT 2022

Testing Academy Program | Valeo

- Knowing about testing concepts, testing techniques requirement analysis, testing environment, and generating test cases.
- Introduction to Python and did a small exercise using Python (how to handle XML files and Excel files).

- Applying this knowledge to use case study (writing test cases for a real UPA system)

MAY 2023

Siemens Automotive Training | Siemens

- Embedded C
- Data Structure Theories
- Algorithms
- Computer Architecture
- Interfacing
- Communication Protocol

COURSES

- Object-Oriented Data Structures in C++ (Coursera)
- Python 3 Programming Specialization (Coursera)
- The Complete Flutter Development Bootcamp with Dart (Udemy)
- Algorithms and Data structures
- SQL
- Power BI
- Tableau

PROJECTS

- Ecommerce Dashboard (BI Project)
- Olympic Games Analysis Dashboard (BI Project)
- Healthcare Analytics Dashboard (BI Project)
- Adventure Works Sales Analysis (BI Project)
- Flight Delays Analysis Dashboard (BI Project)
- Titanic Dashboard (Excel Project)
- Bike Sales Dashboard (Excel Project)
- Scraping data from Amazon (Python)
- COVID Data Exploration (SQL)
- HR Analytics Dashboard (Tableau)
- Translating sign language into spoken language (Embedded System Project)
- Fire System (Embedded System Project)
- Calculator (Embedded System Project)

SKILLS

- Ability to work individually or as a part of a team
- Problem-solving
- c
- Embedded system
- Python
- SQL
- Power BI
- Tableau
- Excel
- HTML
- ISTQB
- Mobile package (2G,3G, LTE)

LANGUAGE

- Arabic "Native"
- English
